# Hello! I'm Harri Cornes, a Graphic Designer & Illustrator based in Essex.

## Profile.

---

I'm a designer with a background in print design and digital illustration. I also have experience in product design. After 3 years of working in the creative industry, I have worked with an array of clients to create posters, menus, newsletter designs, packaging designs, adverts, wallpapers and publications among others.

My creative skills have been exercised since a young age, due to setting up a business which involved designing, handcrafting, marketing and exhibiting products.

A large amount of my personal work shows influence from Japan, due to my interest in the country and inspiration gained from my year abroad. Living in the country not only inspired my work, but enhanced my Japanese language skills.

## Experience.

---

### Illustration and Graphic Design Freelancer 05/19 - Present

Various companies. Since starting freelancing, I've been involved in a variety of projects including illustrating a comic book series, designing an e-learning environment, designing responsive websites and creating charts for text books.

### Graphic Designer at Maggie & Rose Ltd. 09/17 - 05/19

Family members' club. Duties included creating assets using both hand and digital illustration. I worked on a variety of projects, including creating posters, menus, timetables, adverts, comic strips and the brand's quarterly magazine. I also worked on designing and sourcing suppliers for their own brand product range.

### Co-Owner at Cherry Abuku 05/08 - 07/18

Handmade toy and accessory company. Duties include design, manufacture, pattern making, exhibiting and managing accounts, online store and social media profiles.
